

## *Meet our New Executive Director Donnis Steele*

Donnis Steele  
Executive Director

My name is Donnis Steele, and I am the new Executive Director here at Mt. Top Boys Home. For many years I have worked with broken and hurting children who have experienced abuse, neglect, addictions, and even homelessness. Being raised in a pastor's home in the inner-city of Chicago, my family ministered to many young teenage boys by providing a loving home. Now here in Georgia I have been able to help hundreds of children that have found themselves in foster care by providing Christian homes through local churches. Mt. Top has been a part of helping change lives since the 80's, and I believe can lead the way to a more healing and productive life for many more young people and their families.

Here at Mt. Top Boys Home we provide an environment for hope and healing for every child that comes. They begin to develop a core understanding of faith, family, education, and hard work that can move them beyond their circumstance. Our staff goes above and beyond their duties and takes on a love for each young man they serve. They take the kids to community activities, school events, sports, church, and even jobs. This takes a toll on our vehicles yet a necessary thing to help provide normalcy in some way. This leads me to our current need. Here at the Mountain we are in need of a new van to help transport our young men to future jobs, activities, sports, and other appointments. The estimated cost is around \$30,000 for a slightly used 12 passenger van. Please be in prayer about what you can do to help us provide a new life for these young men.
